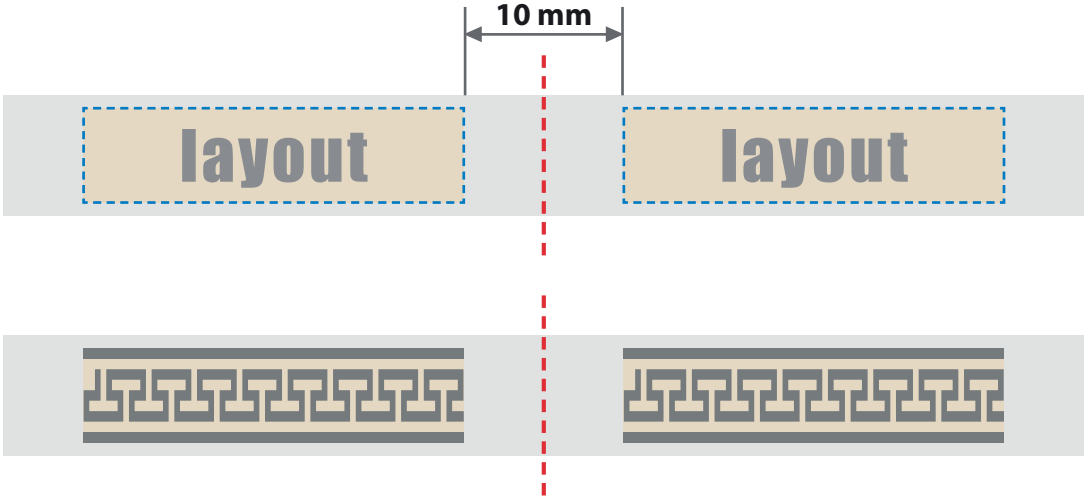
Diagram - an example of compiled print areas.



Diagrams are not to scale

Print file delivery
- 1 full-tone colour only
- Vector files only
- Font size at least 12 pt, bold
- Positive minimum line thickness 1 pt (0.35 mm)
- Negative minimum line thickness 3.5 pt (1.2 mm)

Please note:
The spacing between your print designs is always 10 mm.
The print area will be printed in a continuous line across the entire length of the roll.

Only one full tone colour is possible for this product!
Select any full-tone colour or use a HKS / Pantone colour.
The colour you selected in your order will be printed.

Deliver the layout as shown!
Also applies if the reading direction of your design does not match the alignment of your format.

The format orientation needs to be created
in the design programme
Please do not rotate any of the pages in the print PDF.
